FIRST SCHEDULE**THE AGREEMENT****THE MULTILATERAL CONVENTION ON MUTUAL ADMINISTRATIVE
ASSISTANCE IN TAX MATTERS**

Text amended by the provisions of the Protocol amending the Convention on Mutual Administrative Assistance in Tax Matters, which entered into force on 1st June 2011.

Preamble

The member States of the Council of Europe and the member countries of the Organisation for Economic Co-operation and Development (OECD), signatories of this Convention,

Considering that the development of international movement of persons, capital, goods and services – although highly beneficial in itself - has increased the possibilities of tax avoidance and evasion and therefore requires increasing co-operation among tax authorities;

Welcoming the various efforts made in recent years to combat tax avoidance and tax evasion on an international level, whether bilaterally or multilaterally;

Considering that a co-ordinated effort between States is necessary in order to foster all forms of administrative assistance in matters concerning taxes of any kind whilst at the same time ensuring adequate protection of the rights of taxpayers;

Recognising that international co-operation can play an important part in facilitating the proper determination of tax liabilities and in helping the taxpayer to secure his rights;

Considering that fundamental principles entitling every person to have his rights and obligations determined in accordance with a proper legal procedure should be recognised as applying to tax matters in all States and that States should endeavour to protect the legitimate interests of taxpayers, including appropriate protection against discrimination and double taxation;

Convinced therefore that States should carry out measures or supply information, having regard to the necessity of protecting the confidentiality of information, and taking account of international instruments for the protection of privacy and flows of personal data;

Considering that a new co-operative environment has emerged and that it is desirable that a multilateral instrument is made available to allow the widest number of States to obtain the benefits of the new co-operative environment and at the same time implement the highest international standards of co-operation in the tax field;

Desiring to conclude a convention on mutual administrative assistance in tax matters,
Have agreed as follows—

However, where the claim is against a person who is not a resident of the applicant State, paragraph 1 shall only apply, unless otherwise agreed between the Parties concerned, where the claim may no longer be contested.

3. The obligation to provide assistance in the recovery of tax claims concerning a deceased person or his estate, is limited to the value of the estate or of the property acquired by each beneficiary of the estate, according to whether the claim is to be recovered from the estate or from the beneficiaries thereof.

- c. any other document required for recovery or measures of conservancy.

2. The instrument permitting enforcement in the applicant State shall, where appropriate and in accordance with the provisions in force in the requested State, be accepted, recognised, supplemented or replaced as soon as possible after the date of the receipt of the request for assistance, by an instrument permitting enforcement in the latter State.

ARTICLE 14 – TIME LIMITS

1. Questions concerning any period beyond which a tax claim cannot be enforced shall be governed by the law of the applicant State. The request for assistance shall give particulars concerning that period.

2. Acts of recovery carried out by the requested State in pursuance of a request for assistance, which, according to the laws of that State, would have the effect of suspending or interrupting the period mentioned in paragraph 1, shall also have this effect under the laws of the applicant State. The requested State shall inform the applicant State about such acts.

3. In any case, the requested State is not obliged to comply with a request for assistance which is submitted after a period of 15 years from the date of the original instrument permitting enforcement.

ARTICLE 15 – PRIORITY

The tax claim in the recovery of which assistance is provided shall not have in the requested State any priority specially accorded to the tax claims of that State even if the recovery procedure used is the one applicable to its own tax claims.

ARTICLE 16 – DEFERRAL OF PAYMENT

4. Nothing in the Convention shall be construed as invalidating any service of documents by a Party in accordance with its laws.

5. When a document is served in accordance with this article it need not be accompanied by a translation. However, where it is satisfied that the addressee cannot understand the language of the document, the requested State shall arrange to have it translated into or a summary drafted in its or one of its official languages. Alternatively, it may ask the applicant State to have the document either translated into or accompanied by a summary in one of the official languages of the requested State, the Council of Europe or the OECD.

 - f. whether it is in conformity with the law and administrative practice of the applicant State and whether it is justified in the light of the requirements of Article 21.2.g.
2. As soon as any other information relevant to the request for assistance comes to its knowledge, the applicant State shall forward it to the requested State.

ARTICLE 19 – DELETED

ARTICLE 20 – RESPONSE TO THE REQUEST FOR ASSISTANCE

1. If the request for assistance is complied with, the requested State shall inform the applicant State of the action taken and of the result of the assistance as soon as possible.
2. If the request is declined, the requested State shall inform the applicant State of that decision and the reason for it as soon as possible.
3. If, with respect to a request for information, the applicant State has specified the form in which it wishes the information to be supplied and the requested State is in a position to do so, the requested State shall supply it in the form requested.

ARTICLE 21 – PROTECTION OF PERSONS AND LIMITS TO THE OBLIGATION
TO PROVIDE ASSISTANCE

1. Nothing in this Convention shall affect the rights and safeguards secured to persons by the laws or administrative practice of the requested State.

2. Except in the case of Article 14, the provisions of this Convention shall not be construed so as to impose on the requested State the obligation—

- a. to carry out measures at variance with its own laws or administrative practice or the laws or administrative practice of the applicant State;
- b. to carry out measures which would be contrary to public policy (ordre public);
- c. to supply information which is not obtainable under its own laws or its administrative practice or under the laws of the applicant State or its administrative practice;
- d. to supply information which would disclose any trade, business, industrial, commercial or professional secret, or trade process, or information the disclosure of which would be contrary to public policy (ordre public);

- f. to provide administrative assistance for the purpose of administering or enforcing a provision of the tax law of the applicant State, or any requirement connected therewith, which discriminates against a national of the requested State as compared with a national of the applicant State in the same circumstances;
- g. to provide administrative assistance if the applicant State has not pursued all reasonable measures available under its laws or administrative practice, except where recourse to such measures would give rise to disproportionate difficulty;
- h. to provide assistance in recovery in those cases where the administrative burden for that State is clearly disproportionate to the benefit to be derived by the applicant State.

3. If information is requested by the applicant State in accordance with this Convention, the requested State shall use its information gathering measures to obtain the requested information, even though the requested State may not need such information for its own tax purposes. The obligation contained in the preceding sentence is subject to the limitations contained in this Convention, but in no case shall such limitations, including in particular those of paragraphs 1 and 2, be construed to permit a requested State to decline to supply information solely because it has no domestic interest in such information.

4. In no case shall the provisions of this Convention, including in particular those of paragraphs 1 and 2, be construed to permit a requested State to decline to supply information solely because the information is held by a bank, other financial institution, nominee or person acting in an agency or a fiduciary capacity or because it relates to ownership interests in a person.

ARTICLE 22 – SECRECY

1. Any information obtained by a Party under this Convention shall be treated as secret and protected in the same manner as information obtained under the domestic law of that Party and, to the extent needed to ensure the necessary level of protection of personal data, in accordance with the safeguards which may be specified by the supplying Party as required under its domestic law.
2. Such information shall in any case be disclosed only to persons or authorities (including courts and administrative or supervisory bodies) concerned with the assessment, collection or recovery of, the enforcement or prosecution in respect of, or the determination of appeals in relation to, taxes of that Party, or the oversight of the above. Only the persons or authorities mentioned above may use the information and then only for such purposes. They may, notwithstanding the provisions of paragraph 1, disclose it in public court proceedings or in judicial decisions relating to such taxes.
3. If a Party has made a reservation provided for in sub-paragraph a. of paragraph 1 of Article 30, any other Party obtaining information from that Party shall not use it for the purpose of a tax in a category subject to the reservation. Similarly, the Party making such a reservation shall not use information obtained under this Convention for the purpose of a tax in a category subject to the reservation.

SCHEDULE 4

COMMON STANDARD ON REPORTING AND DUE DILIGENCE FOR FINANCIAL ACCOUNT INFORMATION

Section I: General Reporting Requirements

A. Subject to paragraphs C through E, each Reporting Financial Institution must report the following information with respect to each Reportable Account of such Reporting Financial Institution:

1. the name, address, jurisdiction(s) of residence, TIN(s) and date and place of birth (in the case of an individual) of each Reportable Person that is an Account Holder of the account and, in the case of any Entity that is an Account Holder and that, after application of the due diligence procedures consistent with Sections V, VI and VII, is identified as having one or more Controlling Persons that is a Reportable Person, the name, address, jurisdiction(s) of residence and TIN(s) of the Entity and the name, address, jurisdiction(s) of residence, TIN(s) and date and place of birth of each Reportable Person;
2. the account number (or functional equivalent in the absence of an account number);
3. the name and identifying number (if any) of the Reporting Financial Institution;
4. the account balance or value (including, in the case of a Cash Value Insurance Contract or Annuity Contract, the Cash Value or surrender value) as of the end of the relevant calendar year or other appropriate reporting period or, if the account was closed during such year or period, the closure of the account;
5. in the case of any Custodial Account—
 - a) the total gross amount of interest, the total gross amount of dividends, and the total gross amount of other income generated with respect to the assets held in the account, in each case paid or credited to the account (or with respect to the account) during the calendar year or other appropriate reporting period; and
 - b) the total gross proceeds from the sale or redemption of Financial Assets paid or credited to the account during the calendar year or other appropriate reporting period with respect to which the Reporting Financial Institution acted as a custodian, broker, nominee, or otherwise as an agent for the Account Holder.
6. in the case of any Depository Account, the total gross amount of interest paid or credited to the account during the calendar year or other appropriate reporting period; and

7. in the case of any account not described in subparagraph A(5) or (6), the total gross amount paid or credited to the Account Holder with respect to the account during the calendar year or other appropriate reporting period with respect to which the Reporting Financial Institution is the obligor or debtor, including the aggregate amount of any redemption payments made to the Account Holder during the calendar year or other appropriate reporting period.

B. The information reported must identify the currency in which each amount is denominated.

C. Notwithstanding subparagraph A(1), with respect to each Reportable Account that is a Pre-existing Account or with respect to each Financial Account that is opened prior to becoming a Reportable Account, the TIN(s) or date of birth is not required to be reported if such TIN(s) or date of birth is not in the records of the Reporting Financial Institution and is not otherwise required to be collected by such Reporting Financial Institution under domestic law. However, a Reporting Financial Institution is required to use reasonable efforts to obtain the TIN(s) and date of birth with respect to Pre-existing Accounts by the end of the second calendar year following the year in which such Accounts were identified as Reportable Accounts.

D. Notwithstanding subparagraph A(1), the TIN is not required to be reported if (i) a TIN is not issued by the relevant Reportable Jurisdiction or (ii) the domestic law of the relevant Reportable Jurisdiction does not require the collection of the TIN issued by such Reportable Jurisdiction.

E. Notwithstanding subparagraph A(1), the place of birth is not required to be reported unless the Reporting Financial Institution is otherwise required to obtain and report it under domestic law and it is available in the electronically searchable data maintained by the Reporting Financial Institution.

Section II: General Due Diligence Requirements

A. An account is treated as a Reportable Account beginning as of the date it is identified as such pursuant to the due diligence procedures in Sections II through VII and, unless otherwise provided, information with respect to a Reportable Account must be reported annually in the calendar year following the year to which the information relates.

B. The balance or value of an account is determined as of the last day of the calendar year or other appropriate reporting period.

C. Where a balance or value threshold is to be determined as of the last day of a calendar year, the relevant balance or value must be determined as of the last day of the reporting period that ends with or within that calendar year.

D. Reporting Financial Institutions may use service providers to fulfil the reporting and due diligence obligations imposed on such Reporting Financial Institutions, as contemplated in domestic law, but these obligations shall remain the responsibility of the Reporting Financial Institutions.

E. Reporting Financial Institutions may apply the due diligence procedures for New Accounts to Preexisting Accounts, and the due diligence procedures for High Value Accounts to Lower Value Accounts. Where New Account due diligence procedures are used for Preexisting Accounts, the rules otherwise applicable to Preexisting Accounts continue to apply.

Section III: Due Diligence for Preexisting Individual Accounts

The following procedures apply for purposes of identifying Reportable Accounts among Preexisting Individual Accounts.

A. Accounts Not Required to be Reviewed, Identified, or Reported. A Preexisting Individual Account that is a Cash Value Insurance Contract or an Annuity Contract is not required to be reviewed, identified or reported, provided the Reporting Financial Institution is effectively prevented by law from selling such Contract to residents of a Reportable Jurisdiction.

B. Lower Value Accounts. The following procedures apply with respect to Lower Value Accounts.

1. Residence Address. If the Reporting Financial Institution has in its records a current residence address for the individual Account Holder based on Documentary Evidence, the Reporting Financial Institution may treat the individual Account Holder as being a resident for tax purposes of the jurisdiction in which the address is located for purposes of determining whether such individual Account Holder is a Reportable Person.

2. Electronic Record Search. If the Reporting Financial Institution does not rely on a current residence address for the individual Account Holder based on Documentary Evidence as set forth in subparagraph B(1), the Reporting Financial Institution must review electronically searchable data maintained by the Reporting Financial Institution for any of the following indicia and apply subparagraphs B(3) through (6)—

- a) identification of the Account Holder as a resident of a Foreign Jurisdiction;
- b) current mailing or residence address (including a post office box) in a Foreign Jurisdiction;
- c) one or more telephone numbers in a Foreign Jurisdiction and no telephone number in the jurisdiction of the Reporting Financial Institution;
- d) standing instructions (other than with respect to a Depository Account) to transfer funds to an account maintained in a Foreign Jurisdiction;
- e) currently effective power of attorney or signatory authority granted to a person with an address in a Foreign Jurisdiction; or
- f) a “hold mail” instruction or “in-care-of” address in a Foreign Jurisdiction if the Reporting Financial Institution does not have any other address on file for the Account Holder.

3. If none of the indicia listed in subparagraph B(2) are discovered in the electronic search, then no further action is required until there is a change in circumstances that results in one or more indicia being associated with the account, or the account becomes a High Value Account.

4. If any of the indicia listed in subparagraph B(2)(a) through (e) are discovered in the electronic search, or if there is a change in circumstances that results in one or more indicia being associated with the account, then the Reporting Financial Institution must treat the Account Holder as a resident for tax purposes of each Foreign Jurisdiction for which an indicium is identified, unless it elects to apply subparagraph B(6) and one of the exceptions in such subparagraph applies with respect to that account.

5. If a “hold mail” instruction or “in-care-of” address is discovered in the electronic search and no other address and none of the other indicia listed in subparagraph B(2)(a) through (e) are identified for the Account Holder, the Reporting Financial Institution must, in the order most appropriate to the circumstances, apply the paper record search described in subparagraph C(2), or seek to obtain from the Account Holder a self-certification or Documentary Evidence to establish the residence(s) for tax purposes of such Account Holder. If the paper search fails to establish an indicium and the attempt to obtain the self-certification or Documentary Evidence is not successful, the Reporting Financial Institution must report the account as an undocumented account.

6. Notwithstanding a finding of indicia under subparagraph B(2), a Reporting Financial Institution is not required to treat an Account Holder as a resident of a Foreign Jurisdiction if—

- a) the Account Holder information contains a current mailing or residence address in the Foreign Jurisdiction, one or more telephone numbers in the Foreign Jurisdiction (and no telephone number in the jurisdiction of the Reporting Financial Institution) or standing instructions (with respect to Financial Accounts other than Depository Accounts) to transfer funds to an account maintained in a Foreign Jurisdiction, the Reporting Financial Institution obtains, or has previously reviewed and maintains a record of—
 - i. a self-certification from the Account Holder of the jurisdiction(s) of residence of such Account Holder that does not include such Foreign Jurisdiction; and
 - ii. Documentary Evidence establishing the Account Holder’s residence for tax purposes other than such Foreign Jurisdiction.
- b) the Account Holder information contains a currently effective power of attorney or signatory authority granted to a person with an address in a Foreign Jurisdiction, the Reporting Financial Institution obtains, or has previously reviewed and maintains a record of—
 - i. a self-certification from the Account Holder of the jurisdiction(s) of residence of such Account Holder that does not include such Foreign Jurisdiction; or
 - ii. Documentary Evidence establishing the Account Holder’s residence for tax purposes other than Foreign Jurisdiction.

C. Enhanced Review Procedures for High Value Accounts. The following enhanced review procedures apply with respect to High Value Accounts.

1. Electronic Record Search. With respect to High Value Accounts, the Reporting Financial Institution must review electronically searchable data maintained by the Reporting Financial Institution for any of the indicia described in subparagraph B(2).

2. Paper Record Search. If the Reporting Financial Institution’s electronically searchable databases include fields for, and capture all of the information described in, subparagraph C(3), then a further paper record search is not required. If the electronic databases do not capture all of this information, then with respect to a High Value Account, the Reporting Financial Institution must also review the current customer master file and, to the extent not contained in the current customer master file, the following documents associated with the account and

obtained by the Reporting Financial Institution within the last five years for any of the indicia described in subparagraph B(2) —

- a) the most recent Documentary Evidence collected with respect to the account;
- b) the most recent account opening contract or documentation;
- c) the most recent documentation obtained by the Reporting Financial Institution pursuant to AML/KYC Procedures or for other regulatory purposes;
- d) any power of attorney or signature authority forms currently in effect; and
- e) any standing instructions (other than with respect to a Depository Account) to transfer funds currently in effect.

3. Exception To The Extent Databases Contain Sufficient Information. A Reporting Financial Institution is not required to perform the paper record search described in subparagraph C(2) to the extent the Reporting Financial Institution's electronically searchable information includes the following—

- a) the Account Holder's residence status;
- b) the Account Holder's residence address and mailing address currently on file with the Reporting Financial Institution;
- c) the Account Holder's telephone number(s) currently on file, if any, with the Reporting Financial Institution;
- d) in the case of Financial Accounts other than Depository Accounts, whether there are standing instructions to transfer funds in the account to another account (including an account at another branch of the Reporting Financial Institution or another Financial Institution);
- e) whether there is a current "in-care-of" address or "hold mail" instruction for the Account Holder; and
- f) whether there is any power of attorney or signatory authority for the account.

4. Relationship Manager Inquiry for Actual Knowledge. In addition to the electronic and paper record searches described above, the Reporting Financial Institution must treat as a Reportable Account any High Value Account assigned to a relationship manager (including any Financial Accounts aggregated with that High Value Account) if the relationship manager has actual knowledge that the Account Holder is a Reportable Person.

5. Effect of Finding Indicia.

- a) If none of the indicia listed in subparagraph B(2) are discovered in the enhanced review of High Value Accounts described above, and the account is not identified as held by a Reportable Person in subparagraph C(4), then further action is not required until there is a change in circumstances that results in one or more indicia being associated with the account.
- b) If any of the indicia listed in subparagraph B(2)(a) through (e) are discovered in the enhanced review of High Value Accounts described above, or if there is a subsequent change in circumstances that results

in one or more indicia being associated with the account, then the Reporting Financial Institution must treat the Account Holder as a resident for tax purposes of each Foreign Jurisdiction for which an indicium is identified unless it elects to apply subparagraph B(6) and one of the exceptions in such subparagraph applies with respect to that account.

- c) If a “hold mail” instruction or “in-care-of” address is discovered in the enhanced review of High Value Accounts described above, and no other address and none of the other indicia listed in subparagraph B(2)(a) through (e) are identified for the Account Holder, the Reporting Financial Institution must obtain from such Account Holder a self-certification or Documentary Evidence to establish the residence(s) for tax purposes of the Account Holder. If the Reporting Financial Institution cannot obtain such self-certification or Documentary Evidence, it must report the account as an undocumented account.

6. If a Preexisting Individual Account is not a High Value Account as of 31 December 2016, but becomes a High Value Account as of the last day of a subsequent calendar year, the Reporting Financial Institution must complete the enhanced review procedures described in paragraph C with respect to such account within the calendar year following the year in which the account becomes a High Value Account. If based on this review such account is identified as a Reportable Account, the Reporting Financial Institution must report the required information about such account with respect to the year in which it is identified as a Reportable Account and subsequent years on an annual basis, unless the Account Holder ceases to be a Reportable Person.

7. Once a Reporting Financial Institution applies the enhanced review procedures described in paragraph C to a High Value Account, the Reporting Financial Institution is not required to re-apply such procedures, other than the relationship manager inquiry described in subparagraph C(4), to the same High Value Account in any subsequent year unless the account is undocumented where the Reporting Financial Institution should re-apply them annually until such account ceases to be undocumented.

8. If there is a change of circumstances with respect to a High Value Account that results in one or more indicia described in subparagraph B(2) being associated with the account, then the Reporting Financial Institution must treat the account as a Reportable Account with respect to each Foreign Jurisdiction for which an indicium is identified unless it elects to apply subparagraph B(6) and one of the exceptions in such subparagraph applies with respect to that account.

9. A Reporting Financial Institution must implement procedures to ensure that a relationship manager identifies any change in circumstances of an account. For example, if a relationship manager is notified that the Account Holder has a new mailing address in a Foreign Jurisdiction, the Reporting Financial Institution is required to treat the new address as a change in circumstances and, if it elects to apply subparagraph B(6), is required to obtain the appropriate documentation from the Account Holder.

D. Review of Pre-existing High Value Individual Accounts must be completed by 31 December 2017. Review of Preexisting Lower Value Individual Accounts must be completed by 31 December 2018.

E. Any Pre-existing Individual Account that has been identified as a Reportable Account under this Section must be treated as a Reportable Account in all subsequent years, unless the Account Holder ceases to be a Reportable Person.

Section IV: Due Diligence for New Individual Accounts

The following procedures apply for purposes of identifying Reportable Accounts among New Individual Accounts.

A. With respect to New Individual Accounts, upon account opening, the Reporting Financial Institution must obtain a self-certification, which may be part of the account opening documentation, that allows the Reporting Financial Institution to determine the Account Holder's residence(s) for tax purposes and confirm the reasonableness of such self-certification based on the information obtained by the Reporting Financial Institution in connection with the opening of the account, including any documentation collected pursuant to AML/KYC Procedures.

B. If the self-certification establishes that the Account Holder is resident for tax purposes in a Reportable Jurisdiction, the Reporting Financial Institution must treat the account as a Reportable Account and the self-certification must also include the Account Holder's TIN with respect to such Reportable Jurisdiction (subject to paragraph D of Section I) and date of birth.

C. If there is a change of circumstances with respect to a New Individual Account that causes the Reporting Financial Institution to know, or have reason to know, that the original self-certification is incorrect or unreliable, the Reporting Financial Institution cannot rely on the original self-certification and must obtain a valid self-certification that establishes the residence(s) for tax purposes of the Account Holder.

Section V: Due Diligence for Pre-existing Entity Accounts

The following procedures apply for purposes of identifying Reportable Accounts among Pre-existing Entity Accounts.

A. Entity Accounts Not Required to Be Reviewed, Identified or Reported. Unless the Reporting Financial Institution elects otherwise, either with respect to all Pre-existing Entity Accounts or, separately, with respect to any clearly identified group of such accounts, a Preexisting Entity Account with an aggregate account balance or value that does not exceed USD 250,000 as of 31 December 2016, is not required to be reviewed, identified, or reported as a Reportable Account until the aggregate account balance or value exceeds USD 250,000 as of the last day of any subsequent calendar year.

B. Entity Accounts Subject to Review. A Preexisting Entity Account that has an aggregate account balance or value that exceeds USD 250,000 as of 31 December 2016, and a Preexisting Entity Account that does not exceed USD 250,000 as of 31 December 2016 but the aggregate account balance or value of which exceeds USD 250,000 as of the last day of any subsequent calendar year, must be reviewed in accordance with the procedures set forth in paragraph D.

C. Review Procedures for Identifying Entity Accounts With Respect to Which Reporting may be Required. For Preexisting Entity Accounts described in paragraph B, a Reporting Financial Institution must apply the following review procedures—

1. Determine the Residence of the Entity.

- a) Review information maintained for regulatory or customer relationship purposes (including information collected pursuant to AML/KYC

Procedures) to determine the Account Holder's residence. For this purpose, information indicating the Account Holder's residence includes a place of incorporation or organisation, or an address in a Foreign Jurisdiction.

- b) If the information indicates that the Account Holder is a Reportable Person, the Reporting Financial Institution must treat the account as a Reportable Account unless it obtains a self-certification from the Account Holder, or reasonably determines based on information in its possession or that is publicly available, that the Account Holder is not a Reportable Person.

2. Determine the Residence of the Controlling Persons of a Passive NFE.

With respect to an Account Holder of a Preexisting Entity Account (including an Entity that is a Reportable Person), the Reporting Financial Institution must determine whether the Account Holder is a Passive NFE with one or more Controlling Persons and determine the residence of such Controlling Persons. If any of the Controlling Persons of a Passive NFE is a Reportable Person, then the account is treated as a Reportable Account. In making these determinations the Reporting Financial Institution must follow the guidance in subparagraphs C(2)(a) through (c) in the order most appropriate under the circumstances.

- a) **Determining whether the Account Holder is a Passive NFE.** For purposes of determining whether the Account Holder is a Passive NFE, the Reporting Financial Institution must obtain a self-certification from the Account Holder to establish its status, unless it has information in its possession or that is publicly available, based on which it can reasonably determine that the Account Holder is an Active NFE or a Financial Institution other than an Investment Entity described in subparagraph A(6)(b) of Section VIII that is not a Participating Jurisdiction Financial Institution.
- b) **Determining the Controlling Persons of an Account Holder.** For the purposes of determining the Controlling Persons of an Account Holder, a Reporting Financial Institution may rely on information collected and maintained pursuant to AML/KYC Procedures.
- c) **Determining the residence of a Controlling Person of a Passive NFE.** For the purposes of determining the residence of a Controlling Person of a Passive NFE, a Reporting Financial Institution may rely on—
 - i. information collected and maintained pursuant to AML/KYC Procedures in the case of a Pre-existing Entity Account held by one or more NFEs with an aggregate account balance or value that does not exceed USD (1,000,000); or
 - ii. a self-certification from the Account Holder or such Controlling Person of the jurisdiction(s) in which the Controlling Person is resident for tax purposes. If a self-certification is not provided, the Reporting Financial Institution will establish such residence(s) by applying the procedures described in paragraph C of Section III.

D. Timing of Review and Additional Procedures Applicable to Pre-existing Entity Accounts.

1. Review of Pre-existing Entity Accounts with an aggregate account balance or value that exceeds USD 250,000 as of 31 December 2016 must be completed by 31 December 2018.

2. Review of Pre-existing Entity Accounts with an aggregate account balance or value that does not exceed USD 250,000 as of 31 December 2016, but exceeds USD 250,000 as of 31 December of a subsequent year, must be completed within the calendar year following the year in which the aggregate account balance or value exceeds USD 250,000.

3. If there is a change of circumstances with respect to a Pre-existing Entity Account that causes the Reporting Financial Institution to know, or have reason to know, that the self-certification or other documentation associated with an account is incorrect or unreliable, the Reporting Financial Institution must re-determine the status of the account in accordance with the procedures set forth in paragraph C.

Section VI: Due Diligence for New Entity Accounts

The following procedures apply with respect to New Entity Accounts.

A. Review Procedures for Identifying Entity Accounts With Respect to Which Reporting may be Required. For New Entity Accounts, a Reporting Financial Institution must apply the following review procedures:

1. Determine the Residence of the Entity.

- a) Obtain a self-certification, which may be part of the account opening documentation, that allows the Reporting Financial Institution to determine the Account Holder's residence(s) for tax purposes and confirm the reasonableness of such self-certification based on the information obtained by the Reporting Financial Institution in connection with the opening of the account, including any documentation collected pursuant to AML/KYC Procedures. If the Entity certifies that it has no residence for tax purposes, the Reporting Financial Institution may rely on the address of the principal office of the Entity to determine the residence of the Account Holder.
- b) If the self-certification indicates that the Account Holder is resident in a Reportable Jurisdiction, the Reporting Financial Institution must treat the account as a Reportable Account unless it reasonably determines based on information in its possession or that is publicly available, that the Account Holder is not a Reportable Person with respect to such Reportable Jurisdiction.

2. Determine the Residence of the Controlling Persons of a Passive NFE.

With respect to an Account Holder of a New Entity Account (including an Entity that is a Reportable Person), the Reporting Financial Institution must identify whether the Account Holder is a Passive NFE with one or more Controlling Persons and determine the residence of such Reportable Persons. If any of the Controlling Persons of a Passive NFE is a Reportable Person, then the account must be treated as a Reportable Account. In making these determinations the Reporting Financial Institution must follow the guidance in subparagraphs A(2)(a) through (c) in the order most appropriate under the circumstances.

- a) **Determining whether the Account Holder is a Passive NFE.** For purposes of determining whether the Account Holder is a Passive

NFE, the Reporting Financial Institution must rely on a self-certification from the Account Holder to establish its status, unless it has information in its possession or that is publicly available, based on which it can reasonably determine that the Account Holder is an Active NFE or a Financial Institution other than an Investment Entity described in subparagraph A(6)(b) of Section VIII that is not a Participating Jurisdiction Financial Institution.

- b) **Determining the Controlling Persons of an Account Holder.** For purposes of determining the Controlling Persons of an Account Holder, a Reporting Financial Institution may rely on information collected and maintained pursuant to AML/KYC Procedures.
- c) **Determining the residence of a Controlling Person of a Passive NFE.** For purposes of determining the residence of a Controlling Person of a Passive NFE, a Reporting Financial Institution may rely on a self-certification from the Account Holder or such Controlling Person.

Section VII: Special Due Diligence Rules

The following additional rules apply in implementing the due diligence procedures described above—

A. Reliance on Self-Certifications and Documentary Evidence. A Reporting Financial Institution may not rely on a self-certification or Documentary Evidence if the Reporting Financial Institution knows or has reason to know that the self-certification or Documentary Evidence is incorrect or unreliable.

B. Alternative Procedures for Financial Accounts Held by Individual Beneficiaries of a Cash Value Insurance Contract or an Annuity Contract. A Reporting Financial Institution may presume that an individual beneficiary (other than the owner) of a Cash Value Insurance Contract or an Annuity Contract receiving a death benefit is not a Reportable Person and may treat such Financial Account as other than a Reportable Account unless the Reporting Financial Institution has actual knowledge, or reason to know, that the beneficiary is a Reportable Person. A Reporting Financial Institution has reason to know that a beneficiary of a Cash Value Insurance Contract or an Annuity Contract is a Reportable Person if the information collected by the Reporting Financial Institution and associated with the beneficiary contains indicia of residence in a Foreign Jurisdiction as described in paragraph B of Section III. If a Reporting Financial Institution has actual knowledge, or reason to know, that the beneficiary is a Reportable Person, the Reporting Financial Institution must follow the procedures in paragraph B of Section III.

A Reporting Financial Institution may treat a Financial Account that is a member's interest in a Group Cash Value Insurance Contract or Group Annuity Contract as a Financial Account that is not a Reportable Account until the date on which an amount is payable to the employee/certificate holder or beneficiary, if the Financial Account that is a member's interest in a Group Cash Value Insurance Contract or Group Annuity Contract meets the following requirements—

- a) the Group Cash Value Insurance Contract or Group Annuity Contract is issued to an employer and covers twenty-five or more employee/certificate holders;
- b) the employee/certificate holders are entitled to receive any contract value related to their interests and to name beneficiaries for the benefit payable upon the employee's death; and

- c) the aggregate amount payable to any employee/certificate holder or beneficiary does not exceed USD 1,000,000.

1. The term “Group Cash Value Insurance Contract” means a Cash Value Insurance Contract that (i) provides coverage on individuals who are affiliated through an employer, trade association, labour union, or other association or group; and (ii) charges a premium for each member of the group (or member of a class within the group) that is determined without regard to the individual health characteristics other than age, gender, and smoking habits of the member (or class of members) of the group. The term “Group Annuity Contract” means an Annuity Contract under which the obligees are individuals who are affiliated through an employer, trade association, labour union, or other association or group.

C. Account Balance Aggregation and Currency Rules.

1. Aggregation of Individual Accounts. For purposes of determining the aggregate balance or value of Financial Accounts held by an individual, a Reporting Financial Institution is required to aggregate all Financial Accounts maintained by the Reporting Financial Institution, or by a Related Entity, but only to the extent that the Reporting Financial Institution’s computerised systems link the Financial Accounts by reference to a data element such as client number or TIN, and allow account balances or values to be aggregated. Each holder of a jointly held Financial Account shall be attributed the entire balance or value of the jointly held Financial Account for purposes of applying the aggregation requirements described in this subparagraph.

2. Aggregation of Entity Accounts. For purposes of determining the aggregate balance or value of Financial Accounts held by an Entity, a Reporting Financial Institution is required to take into account all Financial Accounts that are maintained by the Reporting Financial Institution, or by a Related Entity, but only to the extent that the Reporting Financial Institution’s computerised systems link the Financial Accounts by reference to a data element such as client number or TIN, and allow account balances or values to be aggregated. Each holder of a jointly held Financial Account shall be attributed the entire balance or value of the jointly held Financial Account for purposes of applying the aggregation requirements described in this subparagraph.

3. Special Aggregation Rule Applicable to Relationship Managers. For purposes of determining the aggregate balance or value of Financial Accounts held by a person to determine whether a Financial Account is a High Value Account, a Reporting Financial Institution is also required, in the case of any Financial Accounts that a relationship manager knows, or has reason to know, are directly or indirectly owned, controlled, or established (other than in a fiduciary capacity) by the same person, to aggregate all such accounts.

4. Amounts Read to Include Equivalent in Other Currencies. All dollar amounts are in U.S. dollars and shall be read to include equivalent amounts in other currencies, as determined by domestic law.

Section VIII: Defined Terms

The following terms have the meanings set forth below:

A. Reporting Financial Institution

1. The term “**Reporting Financial Institution**” means any Participating Jurisdiction Financial Institution that is not a Non-Reporting Financial Institution.

2. The term “**Participating Jurisdiction Financial Institution**” means (i) any Financial Institution that is resident in a Participating Jurisdiction, but excludes

any branch of that Financial Institution that is located outside such Participating Jurisdiction, and (ii) any branch of a Financial Institution that is not resident in a Participating Jurisdiction, if that branch is located in such Participating Jurisdiction.

3. The term “**Financial Institution**” means a Custodial Institution, a Depository Institution, an Investment Entity, or a Specified Insurance Company.

4. The term “**Custodial Institution**” means any Entity that holds, as a substantial portion of its business, Financial Assets for the account of others. An Entity holds Financial Assets for the account of others as a substantial portion of its business if the Entity’s gross income attributable to the holding of Financial Assets and related financial services equals or exceeds 20 per cent of the Entity’s gross income during the shorter of: (i) the three-year period that ends on 31 December (or the final day of a non-calendar year accounting period) prior to the year in which the determination is being made; or (ii) the period during which the Entity has been in existence.

5. The term “**Depository Institution**” means any Entity that accepts deposits in the ordinary course of a banking or similar business.

6. The term “**Investment Entity**” means any Entity—:

- a) that primarily conducts as a business one or more of the following activities or operations for or on behalf of a customer—
 - i. trading in money market instruments (cheques, bills, certificates of deposit, derivatives, etc.); foreign exchange; exchange, interest rate and index instruments; transferable securities; or commodity futures trading;
 - ii. individual and collective portfolio management; or
 - iii. otherwise investing, administering, or managing Financial Assets or money on behalf of other persons; or
- b) the gross income of which is primarily attributable to investing, reinvesting, or trading in Financial Assets, if the Entity is managed by another Entity that is a Depository Institution, a Custodial Institution, a Specified Insurance Company, or an Investment Entity described in subparagraph A(6)(a).

2. An Entity is treated as primarily conducting as a business one or more of the activities described in subparagraph A(6)(a), or an Entity’s gross income is primarily attributable to investing, reinvesting, or trading in Financial Assets for purposes of subparagraph A(6)(b), if the Entity’s gross income attributable to the relevant activities equals or exceeds 50 per cent of the Entity’s gross income during the shorter of: (i) the three- year period ending on 31 December of the year preceding the year in which the determination is made; or (ii) the period during which the Entity has been in existence. The term “Investment Entity” does not include an Entity that is an Active NFE because it meets any of the criteria in subparagraphs D(9)(d) through (g).

3. This paragraph shall be interpreted in a manner consistent with similar language set forth in the definition of “financial institution” in the Financial Action Task Force Recommendations.

7. The term “**Financial Asset**” includes a security (for example, a share of stock in a corporation; partnership or beneficial ownership interest in a widely held or publicly traded partnership or trust; note, bond, debenture, or other evidence of

indebtedness), partnership interest, commodity, swap (for example, interest rate swaps, currency swaps, basis swaps, interest rate caps, interest rate floors, commodity swaps, equity swaps, equity index swaps, and similar agreements), Insurance Contract or Annuity Contract, or any interest (including a futures or forward contract or option) in a security, partnership interest, commodity, swap, Insurance Contract, or Annuity Contract. The term “Financial Asset” does not include a non-debt, direct interest in real property.
